Africapitalism is the economic philosophy that the African private sector has the power to transform the continent through long-term investments, creating both economic prosperity and social wealth.

Research & Publications Archives - The Tony Elumelu Foundation

The efforts to rethink the role of business in development, especially in developing countries, have facilitated the emergence of an array of concepts. Africapitalism – i.e. the private sector's commitment to the socio-economic development of Africa – proposed and championed by Mr. Tony O. Elumelu, is the most recent addition.
