The Falcon Mini Zipline Trolley features a unique, ergonomic design that can handle speeds of up to 70 miles per hour. The anti-rollback feature prevents the potentially dangerous situations that can occur when a zipline customer fails to reach the platform and rolls back onto the line and the delay that the rollback can cause when the customer needs to be retrieved.

Seismic Bracing for Ductwork, HVAC, Electrical & Pipe

Hie trebuchet was a medieval contribution l the rock-throwing devices. It got its power, n from a taut cord or twisted rope, but from heavy counterweight. The throwing beam w swiveled on a strong axle near the top of tl framework. The bottom carried heavy weight and the top a throwing cup.
