Throughout these pages, expert David Aronson details this new type of technical analysis that—unlike traditional technical analysis—is restricted to objective rules, whose historical profitability can be quantified and scrutinized.

Review: Evidence-Based Technical Analysis by David Aronson

I have finished rereading David Aronson's book Evidence- Based Technical Analysis, Applying the Scientific Method and Statistical Inference to Trading Signals, a book I bought back in November 2007.This is no easy read and a bit technical, but worthwile it's money. The book is very good for those who have no background in statistics.
