2431-YDW) The IBM Palm Top PC 110 (commonly just “PC110”) is, as its name suggests, a palmtop PC intended for sale exclusively in Japan. It was produced by a joint venture between IBM Japan and Ricoh, known as RIOS. In a nutshell, it’s a 486 notebook that fits in your hand. It is a late entry in the 486 market, launching in 1995, though development appears to have been underway for years prior.
