Introduction To Documentary Production A

An Introduction to Documentary Filmmaking. by Internet Video Gal on 03/12/2019. Documentary filmmaking is a subcategory of film and video production where the production crew creates a work of journalism rather than a fictional movie. Instead of making up fictional characters and creating a world of make-believe, the documentary filmmaker's job is to document real life and real people by accurately and fairly telling their stories.

Introduction to Documentary Production - Google Books

An Introduction to Documentary Research Documentary research, serving as both a complement to and extension of biographical inquiry, takes on different meanings in the field of education. In one sense, documentary research becomes synonymous with archival research and addresses issues related to the role and use of documents and public and private records.
