It's not really knowing the tools and formulas that MATHCOUNTS is testing, but the ability to combine them, and to be creative in your problem solving. The competition is like trying to get out a splinter from your thumb.

How to get top four in my state for mathcounts - Quora

Some advice about math competitions. Now, you may see two big improvements, both from 7th grade to 8th. One is on the AMCs, with a AMC 10 score jump from 114 to 138, and an AIME jump from 0 to 10 (although this 0 is not entirely accurate). On Mathcounts, I went from 8th at state to 6th (written) at nationals.
