### **GURPS Space Atlas**

Atlas is a family of US missiles and space launch vehicles that originated with the SM-65 Atlas. The Atlas intercontinental ballistic missile program was initiated in the late 1950s under the Convair Division of General Dynamics. Atlas was a liquid propellant rocket burning RP-1 fuel with liquid oxygen in three engines configured in an unusual "stage-and-a-half" or "parallel staging" design: two outboard booster engines were jettisoned along with supporting structures during ascent, while the ce

## **Space - Science News**

About Space Atlas. Filled with lavish illustrations, this book is a grand tour of the universe. Three ever widening domains are presented—the planets, the stars, and the large scale universe itself—each including the ones before it and extending outward. The tour starts close to home within the first domain, our own solar system.
