The Economic Emergence of Women: Bergmann's Six Commitments

The emergence of women in leadership positions in the Indian corporate world has been the focus across various forums. Traditionally, the economy was dominated by manufacturing companies, where there were more men working in factories, and women were confined to 'support' functions, because of the perceived physical limitations.

Are Women the Key to Unlocking Economic Emergence in Côte ...

This new edition of a classic feminist book explains how one of the great historical revolutions - the ongoing movement toward equality between the sexes - has come about. Its origins are to be found, not in changing ideas, but in the economic developments that have made women's labour too valuable to be spent exclusively in domestic pursuits.

The economic emergence of women (Book, 2005) [WorldCat.org]

Abstract. I suggest in this essay that Barbara Bergmann's approach to the economics of women is characterized by six striking dimensions, or what I call "commitments," namely: (1) a willingness to incorporate values into her analysis openly; (2) a commitment to applied economics economic analysis that supports policy change that will improve women's and children's lives; (3) a commitment to ...

The Economic Emergence Of Women

"The Economic Emergence of Women documents an economic revolution that has occurred with women entering the labor force in very large numbers, but a sociological revolution that has not occurred where women would be treated as economic equals in every respect.

The Economic Emergence of Women by Barbara R. Bergmann

Early in The Economic Emergence of Women, just after introducing the subject of the "breakup of the sex-role caste system" that occurred with women's increased labor force participation, Bergmann writes: The new conditions require new habits, policies, and institutions. Our most urgent priority is to complete the task of driving sex discrim-

The Economic Emergence Of Women PDF

Gender equity is not just a human and social goal but also an economic goal. At a time when Côte d'Ivoire is seeking to achieve economic emergence, reducing discrimination against women could generate benefits in the neighborhood of US\$6 billion to US\$10 billion, or between one third and half of the country's current revenues.
